SUBJECT: Nontactical Vehicle (NTV) Support to Family Readiness Groups (FRGs)

(6) The use of the vehicle can be provided without detriment to the accomplishment of the unit's mission.

b. Commanders may issue an SF 46 (Military Operators Permit) without additional testing to personnel who present a valid USAREUR drivers license for the class of vehicle to be operated. The SF 46 is only for the country where the vehicle is primarily based or operated.

c. Authority is limited to operating NTVs under 10,000 pounds gross vehicle weight. These vehicles will not be used for personal use or convenience (for example, between work and home). Commanders in countries other than Germany should ensure compliance with their local Status of Forces Agreement.

d. Vehicle support will come from existing unit or community assets. The use of NTVs by FRGs will not be used as justification to lease additional vehicles.
